

Dear Participant,

This pocket program is intended to provide you with a quick overview of the Scientific Program.

Enjoy the meeting!

The BIDM 2018 Scientific Committee

	Beirut Hall	Byblos Hall	Cedars Hall	Baalbek Hall	Tripoli Hall
09:00-09:10					
09:10-09:20					
09:20-09:30					
09:30-09:40					
09:40-09:50	Systematic reviews of complex musculoskeletal pain. Ghabi Kaspo	Anterior composite layering. Riccardo Ammannato			
09:50-10:00					
10:00-10:10					
10:10-10:20					
10:20-10:30		Composite in anterior teeth: no limits - no limitation. Mario BeseK			
10:30-10:40					
10:40-10:50					
10:50-11:00					
11:00-11:10	OPENING CEREMONY				
11:10-11:20					
11:20-11:30					
11:30-11:40					
11:40-11:50					
11:50-12:00					
12:00-12:10					
12:10-12:20					
12:20-12:30					
12:30-12:40					
12:40-12:50					
12:50-13:00					
13:00-13:10					
13:10-13:20	Root canal debridement - Are our priorities in the right direction? Prasanna Neelakantan		Updates in modern adhesive dentistry: indirect anterior restorations. Roberto Turrini		
13:20-13:30					
13:30-13:40					
13:40-13:50					
13:50-14:00			Guidelines for achieving esthetic driven provisionalization and the final outcome of implant restorations. Truong Nguyen		
14:00-14:10					
14:10-14:20					
14:20-14:30					
	LUNCH		LUNCH		

- ESTHETICS**
- ENDODONTICS**
- PROSTHODONTICS**
- ORAL SURGERY / PERIO**
- ORTHODONTICS**
- PEDIATRIC DENTISTRY**
- PATHOLOGY**
- ORAL RADIOLOGY**
- ORAL AND MAXILLOFACIAL SURGERY**
- LASER**

BIDM 2018 - SCIENTIFIC PROGRAM

DAY 1 - THURSDAY 4th of OCTOBER 2018

	Beirut Hall	Byblos Hall	Cedars Hall	Baalbek Hall	Tripoli Hall
13:30-13:40	LUNCH	LUNCH	LUNCH		LUNCH
13:40-13:50					
13:50-14:00					
14:00-14:10					
14:10-14:20					
14:20-14:30					
14:30-14:40					
14:40-14:50					
14:50-15:00	Digital planning in implant dentistry: from treatment planning to 3D printing. Brian Goodacre	LIVE TRANSMISSION Complete digital workflow for the production of implant-supported single-unit monolithic crown. Hani Thome	The role of CBCT in endodontics: diagnosis, and treatment plan. Edmond Koyess		Workshop Class IV filling preparation. Mario Besek
15:00-15:10					
15:10-15:20	Rehabilitation of complex implant-prosthodontic patients adapting the digital workflow. Nadim Z. Baba	Imaging strategies for the study of TMD and orofacial pain. Ghabi Kaspo	Predictable and safe ways for successful root canal treatment. Andreas Krokidis		
15:20-15:30					
15:30-15:40	Coffee -Break	Coffee -Break	Coffee -Break		
15:40-15:50					
15:50-16:00					
16:00-16:10					
16:10-16:20					
16:20-16:30	Create your own composite masterpieces. Serhat Köken	Coffee -Break	Endodontic retreatment: from indications to clinical steps. - Part 2 - Joseph-Wilhelm Pertot		
16:30-16:40					
16:40-16:50	Composite in posterior teeth: reliable and new techniques. Mario Besek	LIVE TRANSMISSION Three units bridge monolithic Zirconia in one hour using the CEREC speedFire. Dani Irani	Filling the root canal space: the real deal with the seal. Prasanna Neelakantan		
16:50-17:00					
17:00-17:10					
17:10-17:20					
17:20-17:30					
17:30-17:40					
17:40-17:50					
17:50-18:00					
18:00-18:10					
18:10-18:20					
18:20-18:30					
18:30-18:40					
18:40-19:50					
18:50-19:00					

BIDM 2018 - SCIENTIFIC PROGRAM

DAY 2 - FRIDAY 5th of OCTOBER 2018

	Beirut Hall	Byblos Hall	Cedars Hall	Baalbek Hall	Tripoli Hall	Beiteddine Hall
09:00-09:10					ESTHETICS	ENDODONTICS
09:10-09:20	Hard and soft tissue corrections around teeth and implants. Peter Windich	New insights into pulp therapy for the pediatric patient. Arnold I. Weiss	Take care of the TMD patient. Jean-Daniel Orthlieb	Treatment of adult patients in an interdisciplinary team approach. Ahu Acar	Workshop Mastering composite artistry to create anterior direct restorations. Part I. Serhat Köken	Workshop Live demonstration on 3D teeth and hands-on course. Andreas Krokidis
09:20-09:30						
09:30-09:40						
09:40-09:50						
09:50-10:00	Bone regeneration utilizing novel synthetic biomaterials. Minas Leventis	L'examen radiologique de la lésion carieuse reflète -t-il toujours la réalité clinique? Roula Berbari	Le méthacrylate de méthyle. Jihad Fakhoury	Tooth transposition: clinical considerations for treatment. Roy Sabri		
10:00-10:10						
10:10-10:20						
10:20-10:30						
10:30-10:40	Making decision in the treatment of peri-implant infections. Jean-Louis Giovanoli	Les couronnes pédiatriques en zircon pour la prise en charge des anomalies de structure. Serena Lopez	L'application de l'hypnose en médecine dentaire. Camille Ashy	Smile esthetics: from theory to reality. Guillaume Lecocq		
10:40-10:50						
10:50-11:00						
11:00-11:10						
11:10-11:20	Coffee -Break	Coffee -Break	Coffee -Break	Coffee -Break	Coffee -Break	Coffee -Break
11:20-11:30	Coffee -Break	Amélioration de la santé orale des enfants avec autisme: les outils à notre disposition. Serena Lopez	Place croissante des implants courts et ultracourts en thérapeutique implantaire. Erick Schneek	Coffee -Break	ESTHETICS Workshop Mastering composite artistry to create anterior direct restorations. Part II. Serhat Köken	ESTHETICS Workshop Large composite restoration (cusp replacement). Mario Besek
11:30-11:40						
11:40-11:50						
11:50-12:00						
12:00-12:10	Dental guided surgery. Ioanna Dactu	Non pharmacological behavior guidance of children. Arnold I. Weiss	Soft tissue management around teeth and implants: keys for success. Moustapha Saad	Faut-il traiter toutes les Classes II chez l'adulte ? Armelle Manière Esvan		
12:10-12:20						
12:20-12:30						
12:30-12:40						
12:40-12:50	Digital evolution of the All-on-4® treatment concept. Tommaso Grandi	The use of PRF concentrate in tissue healing and regeneration. Mohamad Masri	Complications with non resorbable barriers in guided bone regeneration. Mohamad Koleilat	How to integrate mini-implants in our modern orthodontic practice? Joseph Bou Serhal		
12:50-13:00						
13:00-13:10						
13:10-13:20						
13:20-13:30	LUNCH	LUNCH	Cutting bone with drills, burs, lasers, and piezotomes. Ziad Aly	A 3D evaluation of surgically assisted rapid maxillary expansion with or without pterygomaxillary disjunction. Ahu Acar		
13:30-13:40						
13:40-13:50						
13:50-14:00						
14:00-14:10	LUNCH	LUNCH	The traitement par aligneurs n'est pas un jeu d'enfants. Najib Khalaf	LUNCH		
14:10-14:20						
14:20-14:30						

	Beirut Hall	Byblos Hall	Cedars Hall	Baalbek Hall	Tripoli Hall	
13:30-13:40						
13:40-13:50						
13:50-14:00	<p>Paradigm shifts in implant prosthetics. Truong Nguyen</p>	<p>Nightmares after the use of implants in periodontal patients. Jean-Louis Giovanoli</p>	<p>Photobiomodulation: an invaluable treatment in all dental specialties. Chady Frangieh</p>		<p>Workshop</p> <p>From virtual planification to guided implant surgery: the digital workflow. Ioanna Dactu</p>	
14:00-14:10				<p>Gummy smile: Laser plan of treatment. Jihad Habli</p>		
14:10-14:20				<p>Erbium Laser-assisted removal of all-ceramic restorations. Rita El Feghali</p>		
14:20-14:30				<p>Diode lasers applied in endodontic decontamination. Hoda El Hallal</p>		<p>Preprosthetic orthodontic treatment problems solving's ideas. Ahmad El Shafi</p>
14:30-14:40				<p>Biopsie de la muqueuse des tissus mous de la cavité orale. Roger Kuffer</p>		
14:40-14:50	<p>Let's talk bonding. A rationale approach to adhesive dentistry. Part I. Rolando Nunez</p>	<p>Impacted third lower molar: 3D radiographic survey. Alexandre Khairallah</p>				
14:50-15:00			<p>Osteonecrosis of the jaw related to cancer therapies. Sami El Toum</p>	<p>Faut-il garder une contention orthodontique toute la vie ? Armelle Manière Esvan</p>		
15:00-15:10	<p>The edentulous jaw - treatment with a fixed or removable implant retained denture. Stephan Eitner</p>	<p>Prophylactic management of non-carious cervical lesions. Carla Mora Pérez</p>				
15:10-15:20						
15:20-15:30						
15:30-15:40						
15:40-15:50						
15:50-16:00						
16:00-16:10	Coffee -Break	Coffee -Break	Coffee -Break			
16:10-16:20		<p>Oral and jaw diseases in Lebanon: panorama and current picture. Ziad Noujeim</p>				
16:20-16:30	<p>Updates in modern adhesive dentistry: indirect posterior restorations. Roberto Turrini</p>	<p>The "difficult patient". Stephan Eitner</p>	<p>Vertical alveolar bone reconstructions for implant therapy. Part I. Antoine El Khoury</p>		<p>Workshop</p> <p>Guided Bone Regeneration with sintered bone grafting substitute, pericardium and PTFE barrier membranes. Peter Windich</p>	
16:30-16:40				<p>Vertical alveolar bone reconstructions for implant therapy. Part II. Charles El Khoury</p>		<p>Coffee -Break</p>
16:40-16:50				<p>3D localization of impacted maxillary canine using CBCT: a luxury or a necessity! Islam Abbas</p>		
16:50-17:00				<p>Traitement du sourire gingival en orthodontie. Rafih El Alam</p>		
17:00-17:10	<p>Canine guidance or group function? Jean-Daniel Orthlieb</p>	<p>Evolution of dental implants surfaces. Mazen Edelbi</p>	<p>How can bone regeneration and implant geometry promote tissue preservation. Elias El Khoury</p>			
17:10-17:20					<p>3D technologies are the future of orthodontics. Are they the future of the orthodontists? Guillaume Lecocq</p>	
17:20-17:30						
17:30-17:40						
17:40-17:50						
17:50-18:00						
18:00-18:10						
18:10-18:20						
18:20-18:30						
18:30-18:40						
18:40-19:50						
18:50-19:00						

BIDM 2018 - SCIENTIFIC PROGRAM

DAY 3 - SATURDAY 6th of OCTOBER 2018

	Beirut Hall	Byblos Hall	Cedars Hall	Baalbek Hall																								
09:00-09:10	Short implants in severely deficient ridges. Where do we stand today? Georges Tawil	LIVE TRANSMISSION Coaching for success: advanced skills in performing apical microsurgery. Charbel Allam	From diagnostic wax up to smile design. Karim Corbani	Aspects anatomo-cliniques nouveaux du lichen plan oral. Roger Kuffer																								
09:10-09:20	Simplifying our treatment therapy by the use of angulated implants. Nabil Barakat		Non conventional treatment of TMD, pain, and craniofacial disturbance: a paradigm shift from fiction to reality. Joe Hobeich		Surgical technique of superficial and deep parotidectomy. Georges Abi Khalil																							
09:20-09:30	Digital technology in implant-supported prosthesis: simplicity and precision. Ziad Salameh		Let's talk bonding. A rationale approach to adhesive dentistry. Part II. Rolando Nunez			Tuberculosis in the parotid gland. Marc Bou Haydar																						
09:30-09:40	Biomedical considerations in simplified implant therapy. Nadim Abou Jaoudeé		Smile design and preoperative considerations in aesthetic treatment. Joe Sabbagh			Gorlin-Goltz syndrome (multiple odontogenic keratocysts management): case report. Haidar Zalzali																						
09:40-09:50	Table Ronde		Coffee -Break			Management of dermatofibrosarcoma protuberans: a case report Wahid Terro																						
09:50-10:00				Coffee -Break	Coffee -Break																							
10:00-10:10	Coffee -Break		Coffee -Break			Coffee -Break																						
10:10-10:20				A modified non-invasive crestal approach for sinus lift. Georges Gebran	R-Pilot: a reciprocating NiTi glide path one file. How, when and why? Gaby Haddad		Composite vs Ceramic in the anterior sector: which is the right decision? Elias Abou Tayeh																					
10:20-10:30				Frequency of incidental CBCT findings in the maxillofacial region. Ibrahim Nasseh	Shaping, cleaning, and filling; clinical tips for better root canal treatment. Ali Yaghy		Iatrogenic dentistry: are we part of it? Hakam Mousa																					
10:30-10:40				How can a 3D CT affect our surgical therapeutic decision? Amine Choueiry	LIVE TRANSMISSION One curve single instrument-continuous rotation Issam Khalil		Basics of dental photography. Farah Antar																					
10:40-10:50		Accuracy and indications of the computerized implant guided surgery. Emile Chrabieh		Layered vs milled ceramics: which is the best ceramic option for your patient? Ahmad El Abiad																								
10:50-11:00		New development in implant dentistry. ITI Panel Discussion G. Gebran - I. Nasseh - A. Choueiry - E. Chrabieh		Coffee -Break	Coffee -Break		Coffee -Break																					
11:00-11:10								Coffee -Break	Coffee -Break	Coffee -Break																		
11:10-11:20											Coffee -Break	Coffee -Break	Coffee -Break															
11:20-11:30														Coffee -Break	Coffee -Break	Coffee -Break												
11:30-11:40																	Coffee -Break	Coffee -Break	Coffee -Break									
11:40-11:50	Coffee -Break		Coffee -Break			Coffee -Break																						
11:50-12:00																				Coffee -Break	Coffee -Break	Coffee -Break						
12:00-12:10																							Coffee -Break	Coffee -Break	Coffee -Break			
12:10-12:20																										Coffee -Break	Coffee -Break	Coffee -Break
12:20-12:30																												
12:30-12:40		Coffee -Break		Coffee -Break	Coffee -Break																							
12:40-12:50							Coffee -Break	Coffee -Break	Coffee -Break

14:00-14:10																												Coffee -Break

YOUNG PODIUM

Bonding orthodontic brackets to zirconia crowns: how is it possible? **Jamal Amer**
 Transverse mandibular morphology and sagittal skeletal malocclusions: a CBCT study. **Mohamad Chalhoub**
 Implementing miles for smiles protocol to children in Lebanese public school.
Omar Harmouche, Hend Alqaderi, Othman Shibly
 Special care dentistry for the Arab world: a promising challenge. **Saad El Masri Mohamad**
 Step-by-step use of diode laser 980 nm in three clinical cases. **Marwan El Mobadder**
 Essential medical knowledge for dentists. **Abbass El-Outa**
 Advanced gingival recession treatment using lateral sliding flap vs coronally advanced flap and connective tissue graft: a case report. **Alexander Saber**
 Dental management of a 5-year-old child with Papillon-Lefèvre syndrome: a case report.
Suzanna-Maria El Sayegh
 Effectiveness of dental traumatic injuries' educational message on school teachers in Beirut.
Caroline Yordi, Sherine Badr, Mohamed Shokry

BIDM 2018 - SCIENTIFIC PROGRAM

POSTERS

Root canal anatomy of mandibular premolars: an in vitro study.

Wael Betbout

Inheritance pattern of dental agenesis and dysmorphology in the Eastern Mediterranean population

Josephine Boueri, Anthony T. Macari, Joseph G. Ghafari

Comparisons of facial soft tissue features in adult patients with various mandibular divergence patterns.

Michelle R El-Chekie, Anthony T. Macari, Antoine Hanna

Therapeutic applications of botulinum neurotoxins in the treatment of bruxism: a review of the literature.

Layal Ghandour

Compound odontoma. Diagnosis and treatment: case report.

Georgina El Ghoul

Theme and frequency of publications in the orthodontic literature.

Elie J. Haddad, Annie Babakhanian, Hiba J. Tannous, Joseph G. Ghafari

Long-term bacterial leakage along retrofilled roots, stored in saline solution, and restored with super-EBA® or MTA®: an in-vitro study.

Edgard Jabbour

Comparison of the efficiency of two different irrigation modalities for the eradication of Enterococcus faecalis isolates in endodontic retreatments of teeth with apical periodontitis: in-vivo study.

Fadl Khaled, Roula Abiad, Khaled Abd El Jalil, Essam Osman,

Sara A. Khamis, Makram J. Ammoury, Kinan G. Zeno, Samir Mustapha, Joseph G. Ghafari

Influence of treatment of precocious puberty on dental development.

Sarah J. Khazaka, Hala Tfaily, Joseph G. Ghafari

Post Face-mask treatment decision in growing patients with class III malocclusion: camouflage or surgery?

Robin El Khoury, Ramzi T. Haddad, Roy Sabri, Joseph G. Ghafari

Accuracy of electronic apex locators during retreatments: a randomized clinical study.

Edmond Koyess

Advanced gingival recession treatment using Lateral sliding flap vs coronally advanced flap and connective tissue graft: a case report.

Alexander Saber

How to successfully remove a broken post from root canal in mandibular first molar: a case report.

Salloum Sarah

Less explored risk factors in the pathogenesis of obstructive sleep apnea.

Corine Samaha, Kinan G. Zeno, Jason Amatoury, Joseph G. Ghafari

Evaluation of the apical seal of MTA in the absence and presence of smear layer.

Enass Shamsy

Bone and cartilage tissue engineering using Poly L/DL lactide (PLDL) electrospun scaffold.

Rh a Souaid, Anthony T. Macari, Marwan El Sabban, Joseph G. Ghafari

Lip morphology: natural versus fillers enhanced lips.

Christophe K. Zoughaib, Constantin El Habr, Joseph G. Ghafari
